Important information

This Asgard Employee Super Account List of Available Investment Options Booklet is issued by BT Funds Management Limited ABN 63 002 916 458 AFSL 233724, RSE Licence L0001090 ('BTFM', 'we', 'us', or 'the Trustee'), the trustee of, and the issuer of interests in the superannuation fund known as the Asgard Independence Plan Division Two ABN 90 194 410 365 (the Fund) which Asgard Employee Super is a part of. The Unique Superannuation Identifier (USI) for Asgard Employee Super is ASG0007AU. BTFM is also the trustee of, and the issuer of interests in the BT Institutional Conservative Growth Pooled Superannuation Trust ABN 87 618 819 950 (Asgard MySuper PST).

Asgard Capital Management Ltd ABN 92 009 279 592, AFSL 240695 ('Asgard' or 'the Administrator') is the custodian and administrator of Asgard Employee Super. Advance Asset Management Limited ABN 98 002 538 329, AFSL 240902 (Advance) is the responsible entity of some of the managed investments available through Asgard Employee Super.

Both BTFM and Asgard are subsidiaries of Westpac Banking Corporation ABN 33 007 457 141, AFSL 233714 (Westpac).

Your Asgard Employee Super Account and the underlying investments (other than deposit products provided by Westpac) do not represent deposits or liabilities of Westpac or any other company in the Westpac Group and are subject to investment risk, including possible delays in repayment and the loss of income or capital invested. Except as expressly disclosed in the Product Disclosure Statement (PDS), or the Additional Information Booklet, neither Westpac, nor any other company in the Westpac Group in any way stands behind or guarantees the capital value and/or the performance of any of the underlying investments or Asgard Employee Super generally.

1. List of Available Investment Options

This List of Available Investment Options Booklet (Booklet) has been prepared by us. The information in this Booklet is current as at 1 December 2019 (date of preparation). The information in this Booklet may change between the date of preparation and the day we process your investment instructions.

Before applying for Asgard Employee Super, it is important you read both the Product Disclosure Statement (PDS) and the Additional Information Booklets. The PDS and Additional Information Booklets are available free of charge from your financial adviser or by calling us on 1800 998 185.

You must also receive and consider the product disclosure statement or other disclosure document for each managed investment that you decide to invest in through your Asgard Employee Super Account. These are available through Investor *Online*, by contacting your financial adviser, or Customer Relations on 1800 998 185. Only your financial adviser can buy fixed term deposits for your account online through AdviserNET.

Information in this Booklet

This Booklet lists the managed investments that are available for you to invest in through Asgard Employee Super and the fees and costs that apply to these managed investments. Fees and costs may vary over time. An investment manager may also vary the amount of a management fee rebate or may cease to pay a rebate at any time without notice. For an explanation of the fees and costs in this Booklet, please refer to the 'Fees and other costs' section in the Additional Information Booklet Part 1 – General.

The fees and costs disclosed in this Booklet are provided by external investment research providers or directly by the investment managers and are not verified by us. The method of calculation of the fees and costs is not uniform and does vary between managed investments. As at the date of this Booklet, the management costs amount generally includes management fees and any performance fees (if any) for the

managed investment, but may not include all other fees and costs of the managed investment (such as indirect costs, transactional and operational costs or other fees or costs). This should be considered when comparing managed investments and you should refer to the underlying product disclosure statements or other disclosure documents for the relevant managed investments to obtain more information about the applicable fees and costs.

The fees and costs relate to the underlying managed investments only and do not include any fees and costs you pay to us, the Administrator or otherwise from your Asgard Employee Super Account. For information on the fees and costs payable to us and the Administrator as well as further information on investment and other fees, please refer to the 'Fees and other costs' section in the PDS and Additional Information Booklet Part 1 – General.

How to complete this Investment Selection form

SMA – Funds

To choose (or change) your portfolio: In section 2, select one of the portfolios by ticking the relevant check box.

Managed Profiles

To choose your investment profile: In section 3, indicate the percentage you would like to allocate to each managed investment. Your investment profile must add up to 100%.

We will maintain up to 4% of your funds in the cash account, but you may nominate a higher percentage or dollar amount to be held in your cash account. An instruction to maintain a higher amount in your cash account can be submitted to us by your financial adviser through AdviserNET. Please do not include your cash account when selecting your investment profile as we automatically calculate it.

Funds contributed into your account are automatically credited to your cash account and will be invested across your current investment profile when you have exceeded your cash account balance requirement by \$1,000 (or any higher nominated amount), unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions.

An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET or by completing the account amendment form available at asgard.com.au or on Investor *Online*.

Example (uses default cash account balance amount)

Ben has selected three managed investments to make up his profile. This table illustrates how his \$50,000 deposit will be invested: \$50,000 minus 4% cash account balance (\$2,000) leaves \$48,000 to invest.

Managed investment	Investment profile	Amount
A	25%	\$12,000
B	25%	\$12,000
C	50%	\$24,000
TOTAL	100%	\$48,000

Please note: if you instruct us not to invest excess cash, auto-rebalancing and profile modelling instructions will still result in your cash account being returned to the required amount.

Priority Sell Method

To choose (or change) your Priority Sell Method: In section 3, specify the order in which managed investments should be sold when cash is required in your account.

Your Priority Sell Method instruction must be in numerical order. For example, 1, 2, 3... (where 1 is the first asset to be sold).

2. Investment Selection

Complete this Investment Selection form in **BLOCK LETTERS** by typing directly into the form or using **black pen**, print and sign.

Send the completed Investment Selection form to us via one of the following methods:

- > ask your financial adviser to lodge it on your behalf on AdviserNET
- > submit a copy via our secure Document Upload facility on Investor *Online* or AdviserNET (accessed from Forms > Document Upload menu)
- > post to Asgard, PO Box 7490, Cloisters Square WA 6850
- > email a copy to client.support@asgard.com.au
- > fax to (08) 9481 4834

If you submit online, email or fax, you don't need to post the original.

Important information

- > Ensure you have completed each relevant section of this Investment Selection form. We cannot process your investment instructions if this Investment Selection form is not completed correctly.
- > Any corrections made on Investment Selection form need to be initialled by the account holder(s). Corrections made with liquid paper or whiteout will not be accepted.
- > Tax credits – you will only receive value for any tax credits (such as franking credits) distributed by an investment if your account was open at the end of the financial year to which they relate and then only to the extent that the superannuation fund as a whole is entitled to those credits. The relevant amount will be credited against the tax provision in your account after the end of the financial year. If you close your account before the end of the financial year (other than for the purpose of transferring to an Asgard Allocated Pension Account which remains open at the end of that financial year), you will not receive any value for those tax credits.

Additional information for existing members

- > Your entire investment profile or portfolio (excluding shares or assets with sales restrictions, such as existing fixed term products, closed products listed in section 5 and switches made in section 6) will be rebalanced when this Investment Selection form is lodged. For more information, see the 'Rebalancing' section under 'Changing your investments' in the Additional Information Booklet Part 1 – General.
- > Sales of particular investments may be subject to delays and/or restrictions, including the suspension of redemptions by the investment manager for a period of time.
- > Future deposits and earnings will also be invested according to this Investment Selection form unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions.
- > Sales of particular investments (including non-tax paid investments) may result in a capital gains tax liability being realised.
- > If you have instructed us to invest excess cash this will come into effect when depositing or switching cash to your account, unless you instruct us not to invest excess cash before making any other investment changes.

In addition, if you have specified the Priority Sell Method (Managed Profiles only) the following also apply.

- > Your instructions, as to the order in which your managed investments are sold, are followed when cash is required in your account; for example, to fund withdrawals, fees, taxes, insurance fees, and to top up your cash account balance when it falls below the minimum requirements.
- > If the managed investments you nominated in your Priority Sell Method instruction are insufficient (or where no instructions exist), we will sell your managed investments in proportion to the estimated value in your account.
- > The Priority Sell Method will not apply to account rebalances.
- > If you are invested in Asgard MySuper and would like to switch to Asgard SMA – Funds or Asgard Managed Profiles, simply complete the Investment Selection form.
- > If you are invested in either Asgard SMA – Funds or Asgard Managed Profiles and would like to switch to Asgard MySuper, simply complete a Switch Request form, available from your financial adviser, on Investor *Online*, or contact us.

1. For information on Standard Risk Measure, refer to the 'Standard Risk Measure' section in the Additional Information Booklet Part 2 – Investment.

* We have negotiated an investment manager fee rebate for this managed investment.

4. Fixed Term Deposits (FTD) – instructions to invest in these products can only be submitted by your financial adviser using AdviserNET

FTD Product	Investment fees (% p.a.)
St.George Fixed Term Deposit – 3 months int – maturity	Nil
St.George Fixed Term Deposit – 6 months int – maturity	Nil
St George Fixed Term Deposit – 1 year int – maturity	Nil
St.George Fixed Term Deposit – 5 years int – maturity	Nil

Please note: for information on the current FTD interest rates and the terms, conditions and restrictions that apply, including what happens to your percentage profile when the investment is made, please refer to the FTD product disclosure statement available on AdviserNET (for your financial adviser). Your investment in the FTD cannot be withdrawn from the FTD in any circumstances before the term ends, including if you die.

5. Closed products to be held

Retain the following closed products in my account (any closed products not listed here will be sold down in full).

6. Switching managed investments – Managed Profiles only

This option is not available if you have already completed section 3, 'Managed Profiles – Investment profile selection' in this Booklet.

In this section, you can switch your **total holding** in any one managed investment into another single managed investment (existing or new).

You can also switch a partial holding in any one managed investment into another single managed investment (existing only) or the cash balance (excess cash may be invested across the profile).

Please note: when switching all or part of your holding in a managed investment, you may incur a buy-sell differential. Please see the 'Buy-Sell spread' section in the PDS for further information.

The following options are only available if you are currently invested in Managed Profiles.

- > Where there are multiple switches for a switch type, the switches will be processed in the order listed on the form.
- > Where a full switch and a partial switch are requested, partial switches will be processed before full switches.
- > Where a partial switch or switch to the cash balance is requested, there is a minimum of \$1,000 per switch.
- > Where a full or partial switch from a closed managed investment is requested, it can only be switched to an existing managed investment already in your investment profile.
- > If your 'Switch from' managed investment has been assigned a Priority Sell Method, this priority will not be transferred to the 'Switch to' managed investment.

Full switch

Switch from		Switch to	
Product code	Managed investment	Product code	Managed investment
_____	_____	_____	_____
_____	_____	_____	_____
_____	_____	_____	_____

Note:

- > When a full switch is made, the profile percentage of the 'Switch from' managed investment will be allocated to the 'Switch to' managed investment.
- > A full switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).

Partial switch

Switch from		Switch to		
Product code	Managed investment	Product code	Managed investment	Amount
_____	_____	_____	_____	\$
_____	_____	_____	_____	\$
_____	_____	_____	_____	\$

Note:

- > A partial switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).
- > Partial switches can only be made to managed investments in your current profile (excluding closed investments).
- > If you wish to switch one managed investment into multiple managed investments you will need to list each request separately on this form.
- > Where the dollar amount you wish to switch is equal to or greater than 95% of the asset value, then the entire 'Switch from' asset will be sold. This may result in more or less of the holding being switched than requested. Where the 95% rule is applied the profile percentage of the 'Switch from' asset will remain in your current profile (not applicable to closed assets which have been removed from your profile).

Switch to cash balance

Switch from		Switch to	
Product code	Managed investment	Amount	
_____	_____	\$	(minimum – \$1,000)
_____	_____	\$	(minimum – \$1,000)
_____	_____	\$	(minimum – \$1,000)

Note:

- > A switch to the cash balance will not change the profile percentage in your account.
- > A switch to the cash balance may cause excess cash to be reinvested across your existing profile, including the 'Switch from' managed investment, unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. **Please note:** if you instruct us not to invest excess cash, auto-rebalancing and profile modelling instructions will result in your cash balance being returned to the required amount. An instruction not to invest excess cash can be submitted to us by your financial advisers through AdviserNET.
