## About this List of Available Investment Options

This List of Available Investment Options (List) has been prepared by the Trustee of Asgard Managed Profiles and Separately Managed Accounts – Funds Super/Pension, BT Funds Management Ltd ABN 63 002 916 458, AFSL 233724 (BTFM, Trustee).

In this booklet Asgard Managed Profiles and Separately Managed Accounts – Funds Super/Pension is referred to as 'Asgard Super/Pension'.

The Administrator and Custodian of Asgard Super/Pension is Asgard Capital Management Ltd ABN 92 009 279 592, AFSL 240695 (Asgard, Administrator). BTFM and Asgard are subsidiaries of Westpac Banking Corporation ABN 33 007 457 141, AFSL 233714 (Westpac). Apart from any interest members may have in underlying bank accounts held at St. George Bank and/or Westpac through their cash balance, an investment in Asgard Super/Pension is not a deposit or liability of Westpac or any other company within the Westpac Group. Westpac (including other companies in the Westpac Group) do not in any way stand behind or guarantee the capital value and/or the performance of the specific investments you select or the Asgard Super/Pension account generally.

The information in this List is current as at 1 April 2025 (date of preparation), but is subject to change without prior notice. Not all investments are available to all investors.

### **Before investing**

You must receive a product disclosure statement for each managed investment that you decide to invest in through your Asgard Super/Pension account. The product disclosure statement or other disclosure document for the relevant managed investments contains information about the applicable fees and costs. These do not include any fees and costs you pay to the Trustee, the Administrator, your financial adviser or their dealer group or otherwise from your Asgard Super/Pension account. Refer to the Fixed Term Deposit (FTD) product disclosure statement for information, terms, conditions and restrictions. Note, your investment in the FTD cannot be withdrawn from in any circumstances before the term ends, including if you die. A maximum of 70% of the value of a pension account can be invested in FTDs.

These documents are available free of charge by contacting your financial adviser or by calling our Customer Relations team on 1800 998 185.

## General advice warning

The information in this List is general information only and does not take into account your individual objectives, financial situation or needs. Before acting on this information, you should consider whether it is appropriate for you in light of your objectives, financial situation or needs.

To obtain advice or more information about Asgard Super/Pension or the investments offered through Asgard Super/Pension you should speak to your financial adviser.

## How to complete the form

### SMA – Funds

**To choose (or change) your portfolio:** In section 2, select one of the portfolios by ticking the check box.

### Managed Profiles

**To choose your investment profile:** In section 3, indicate the percentage you would like to allocate to each managed investment.

**Your investment profile must add up to 100%.** We will maintain up to 4% of your funds in the cash balance, but you may nominate a higher percentage or dollar amount to be held in your cash balance. Please do not include your cash balance when selecting your investment profile as we automatically calculate it.

Funds deposited into your account are automatically credited to your cash balance and will be invested across your current investment profile when you have exceeded your cash balance requirement by \$1,000 (or any higher nominated amount), unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. An instruction not to invest excess cash can be submitted to us by your financial adviser or using an Investment options form if you do not have a financial adviser.

### Example (uses default cash balance amount)

Ben has selected three managed investments to make up his profile. This table illustrates how his \$50,000 deposit will be invested: \$50,000 minus 4% cash balance (\$2,000) leaves \$48,000 to invest.

Managed investment	Investment profile	Amount
A	25%	\$12,000
B	25%	\$12,000
C	50%	\$24,000
<b>TOTAL</b>	<b>100%</b>	<b>\$48,000</b>

Please note, if you instruct us not to invest excess cash, auto-rebalancing and profile modelling instructions will still result in your cash balance being returned to the required amount.

### To choose (or change) your Priority Sell Method

Use section 3 'Investment profile selection' to specify the order in which managed investments should be sold when cash is required in your account.

Your Priority Sell Method instruction must be in numerical order. For example, 1, 2, 3... (where 1 is the first asset to be sold).

- > Ensure you have completed each relevant section of this form. We cannot process your investment instructions if this form is not completed correctly.
- > Note that any corrections made on this form need to be initialled by the account holder(s). Corrections made with liquid paper or whiteout will not be accepted.
- > Your entire investment profile or portfolio (excluding assets with sales restrictions, such as existing fixed term products, closed products listed in section 5 and switches made in section 6) will be rebalanced when this form is lodged. For more information, see the 'Rebalancing' section under 'Changing your investments' in the PDS.
- > Sales of particular investments may be subject to delays and/or restrictions, including the suspension of redemptions by the investment manager for a period of time.
- > Future deposits and earnings will also be invested according to this form unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions.
- > Super and Transition to Retirement Pension accounts – sales of particular investments may result in a capital gains tax liability being realised. For more information, see the 'Tax features' section of the PDS.
- > In addition, if you have specified the Priority Sell Method (Managed Profiles only) the following also apply.
- > The Priority Sell Method will be used to determine the order in which your managed investments are sold when cash is required in your account (for example, to fund withdrawals, fees, taxes, pension payments, insurance premiums and to top up your cash balance when it falls below the minimum requirements).
- > If the managed investments you nominated in the Priority Sell Method instruction are insufficient (or where no instructions exist) we will sell your managed investments in proportion to the estimated value in your account.
- > Pension accounts and Transition to Retirement Pension accounts only – you can either provide a Priority Sell Method instruction or a Nominated Asset instruction, but not both.

That is, if you have:

- an existing Priority Sell Method instruction and you allocate one of these managed investments as a Nominated Asset, your Priority Sell Method instruction for this managed investment will be replaced with the new Nominated Asset instruction, or
- an existing Nominated Asset instruction and you allocate this managed investment as a Priority Sell Method instruction, your Nominated Asset instruction will be replaced with the new Priority Sell Method instruction.

> The Priority Sell Method will not apply to account rebalances.

1. For information on the Standard Risk Measure, refer to the 'Your investment options' section of the PDS.

**Note:** The information in this list is current as at 1 April 2025 (date of preparation), but is subject to change without prior notice. For a current list of assets available for investment please contact your financial adviser or call our Customer Relations team on 1800 988 185.

You must complete the 5 questions listed below. Select the most relevant answer to each of the following:

**1. What is your investment objective? (select one answer below)**

- ☐ **Capital guaranteed:** You want a guarantee or protection against capital loss.
- ☐ **Regular income or income distribution:** You want an investment that distributes regular or tax-effective income. You prefer exposure to income generating assets, such as high dividend-yielding equities and fixed Income securities.
- ☐ **Capital preservation:** You want an investment that reduces volatility and minimises loss in a market downturn. You prefer exposure to defensive assets, such as cash or fixed income securities, that are generally lower in risk than growth investments.
- ☐ **Capital growth:** You want an investment that generates capital return. You prefer exposure to growth assets such as shares or property, or an investment return above the current inflation rate.

**2. What is your intended use of the product? (select one answer below)**

- ☐ **Solution/Standalone:** You want to hold the investment from 75% – 100% of your total investable assets.
- ☐ **Major allocation:** You want to hold the investment up to 75% of your total investable assets.
- ☐ **Core component:** You want to hold the investment up to 50% of your total investable assets.
- ☐ **Minor allocation:** You want to hold the investment up to 25% of your total investable assets.
- ☐ **Satellite allocation:** You want to hold the investment up to 10% of your total investable assets.

**3. What is your investment timeframe? (select one answer below)**

- ☐ **Short – less than 2 years:** You have a short investment timeframe and may wish to redeem within 2 years.
- ☐ **Medium – 2 to 8 years:** You have a medium investment timeframe and are unlikely to redeem within 2 years.
- ☐ **Long – 8 or more years:** You have a long investment timeframe and are unlikely to redeem within 8 years.

**4. What is your appetite for risk? (select one answer below)**

- ☐ **Low:** You are a conservative or low risk in nature and want to minimise volatility and potential losses. You are comfortable with a low target return profile.
- ☐ **Medium:** You are medium risk in nature and are seeking low volatility and potential losses. You are comfortable with a moderate target return profile.
- ☐ **High:** You are higher risk in nature and accept higher volatility and potential losses. You are seeking higher returns, typically over a medium or long timeframe.
- ☐ **Very high:** You have a very high risk appetite and want to maximise returns. You are seeking to maximise returns and can accept very high volatility and potential losses.
- ☐ **Extremely high:** You have an extremely high risk appetite and accept significant volatility and losses. You are seeking to obtain accelerated returns, potentially in a short timeframe.

**5. What are your investment liquidity needs? (select one answer below)**

- ☐ **Daily**
- ☐ **Weekly:** You want investments that can be redeemed within this timeframe.

## 7. Switching managed investments – Managed Profiles only (not applicable for SMA funds)

**This option is not available if you have already completed section 4, ‘Managed Profiles – Investment profile selection’ on this form.**

In this section, you can switch your **total holding** in any one managed investment into another one managed investment (existing or new).

You can also switch a partial holding in any one managed investment into another one managed investment (existing only) or the cash balance (excess cash may invest across the profile).

If you have auto invest excess cash on your account this will be initiated when switching to cash. If you do not want this to occur, an instruction to turn off this feature can be submitted to us by your financial advisers through AdviserNET.

Please note, when switching all or part of your holding in a managed investment, you may incur a buy/sell differential. See the ‘Buy/Sell differential’ section of the PDS for further information.

The following options are only available if you are currently invested in Managed Profiles.

- > Where there are multiple switches for a switch type, the switches will be processed in the order listed on the form.
- > Where a full switch and a partial switch are requested, partial switches will be processed before full switches.
- > Where a partial switch or switch to the cash balance is requested, there is a minimum of \$1,000 per switch.
- > Where a full or partial switch from a closed managed investment is requested, it can only be switched to an existing managed investment already in your investment profile.
- > If your ‘Switch from’ managed investment has been assigned Priority Sell Method this priority will not be transferred to the ‘Switch to’ managed investment.

☐ **Full switch**

Switch from		Switch to	
Product code	Managed investment	Product code	Managed investment
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

**Note:**

- > When a full switch is made, the profile percentage of the ‘Switch from’ managed investment will be allocated to the ‘Switch to’ managed investment.
- > A full switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).

## 7. Switching managed investments – Managed Profiles only (not applicable for SMA funds) (continued)

### ☐ Partial switch

Switch from		Switch to		
Product code	Managed investment	Product code	Managed investment	Amount
				\$
				\$
				\$

**Note:**

- > A partial switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).
- > Partial switches can only be made to managed investments in your current profile (excluding closed investments).
- > If you wish to switch one managed investment into multiple managed investments you will need to list each request separately on this form.
- > Where the dollar amount is equal to or greater than 98% of the asset value then the online 'Switch from' asset will be sold. This may result in more or less of the holdings being switched than requested. Where the 95% rule is applied the profile percentage of the 'Switch from' asset will remain in your current profile (not applicable to closed assets which have been removed from your profile).

### ☐ Switch to cash balance

Switch from		Switch to	
Product code	Managed investment	Amount	
		\$	(minimum – \$1,000)
		\$	(minimum – \$1,000)
		\$	(minimum – \$1,000)

**Note:**

- > A switch to the cash balance will not change the profile percentage in your account.
- > A switch to the cash balance may cause excess cash to be reinvested across your existing profile, including the 'Switch from' managed investment, unless you have instructed us not to invest excess cash, auto-rebalancing and profile modelling instructions will result in your cash balance being returned to the required amount. An instruction not to invest excess cash can be submitted to us by your financial advisers through AdviserNET.
