## UNDERLYING MANAGED INVESTMENT OPTIONS

Please refer to each underlying investment manager's PDS for detailed information relating to the underlying managed investment options.

PDSs for underlying managed investment options do not constitute an offer or invitation to subscribe to or buy any of the securities offered by the fund managers of investment options. In addition, the fund managers of those investment options have not authorised or caused the issue of this document. The fund managers of those managed investment options, their respective officers, holding companies and trustees do not guarantee the capital invested by members of *PortfolioCare* Investment Service or the performance of the plans and investment options generally.

The performance, the payment of any particular return or any increase in the value of the assets acquired using the investments listed in this document are not guaranteed in any way.

## MANAGEMENT COSTS

The management costs presented in this document are estimates only and include expense recoveries and indirect costs (performance fees where applicable and other indirect costs).

As well as management costs, transactional and operational costs will generally be incurred when dealing with the underlying assets of an investment option. They include brokerage, clearing costs, stamp duty, the buy and sell spreads of any underlying funds and certain costs associated with holding derivatives or direct investments in real property. The net transactional and operational costs shown are after any amounts recovered by the charging of a buy/sell spread. In addition some investment options that have underlying investments that use credit facilities to gain increased asset exposures will also incur borrowing costs. Borrowing costs include interest, government charges and debt advisory costs. Where borrowing costs are disclosed by the fund manager, these are detailed in this document.

Before selecting an investment option, you should refer to the fees and costs as set out in the underlying investment option's PDS.

Please contact your financial adviser for a copy of the relevant PDS for the underlying investment option or contact the relevant fund manager for details.

## BUY/SELL COST

The buy/sell cost information provided in this Investment Options document is indicative only and may not reflect the most current buy/sell costs that may be incurred. Note that not all buy/sell costs are symmetrical. Please refer to your financial adviser for a copy of the relevant PDS for the underlying investment option or contact the relevant investment manager for details.

## INVESTMENT SWITCH FORM

### COMPLETING THE MANAGED INVESTMENT SWITCH FORM – IMPORTANT INFORMATION

**Before you go ahead, you should know that the following apply unless you are completing this Investment switch form for a new account.**

- **Your entire investment profile (excluding assets with sales restrictions, such as existing fixed term products, closed products listed in section 4 and switches made in section 5) will be rebalanced when this Investment switch form is lodged.** For more information, see the "Managing your investments" section in the PDS.
- Sales of particular investments may be subject to delays and/or restrictions, including the suspension of redemptions by the investment manager for a period of time.
- Future deposits and earnings will also be invested according to this Investment switch form unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions.
- Sales of particular investments could result in a capital gains tax liability being realised.

**In addition, if you have specified the Priority Sell Method the following also apply.**

- Your instructions are followed as to the order in which your managed investments are sold when cash is required in your account (for example, to fund withdrawals, fees, taxes, margin calls and to top up your cash balance when it falls below the minimum requirements).
- If the managed investments you nominated in the Priority Sell Method instruction are insufficient (or where no instructions exist) we will sell your managed investments in proportion to the estimated value in your account.
- The Priority Sell Method will not apply to account rebalances.

### HOW TO COMPLETE THIS MANAGED INVESTMENT SWITCH FORM

**To choose (or change) your investment profile:**

In section 2 'INVESTMENT PROFILE SELECTION', indicate the percentage you would like to allocate to each managed investment. Your investment profile must add up to 100%. We will maintain up to 2% (or 5% if you have gearing) of your funds in the cash balance, but you may nominate a higher percentage or dollar amount to be held in your cash balance. An instruction to maintain a higher amount in your cash balance can be submitted to us by your financial adviser through AdviserNET. Please do not include your cash balance when selecting your investment profile, as we automatically calculate it.

Funds deposited into your account are automatically credited to your cash balance and will be invested across your investment profile when you have exceeded your cash balance requirement by \$100 (or any higher nominated amount), unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET.

#### **Example (uses default cash balance amount) Managed Investment**

Ben has selected three managed investments to make up his profile. This table illustrates how his \$50,000 deposit will be invested: \$50,000 minus 2% cash balance (\$1,000) leaves \$49,000 to invest.

Managed investment	Investment profile	Amount
A	25%	\$12,250
B	25%	\$12,250
C	50%	\$24,500
	<b>100%</b>	<b>\$49,000</b>

Please note, if you instruct us not to invest excess cash, auto-rebalancing and changes to your investment profile will still result in your cash balance being returned to either 2% (or 5% if you have gearing) or a higher amount you have nominated.

**To choose (or change) your Priority Sell Method:**

In section 2 'INVESTMENT PROFILE SELECTION', you can specify the order you want your nominated managed investments to be sold when cash is required in your account.

Your Priority Sell Method instruction must be in numerical order. For example, 1, 2, 3 ... (where 1 is the highest priority).

~ This investment option is closed to new investors. Existing investors that hold the fund can continue to purchase additional units.

< This investment is defined as an illiquid investment. All redemptions from this fund will be processed in excess of 30 days, at such time as the fund manager, in its discretion, determines.

> For information on the current Fixed Term Deposit (FTD) terms, conditions and restrictions that apply, please refer to the FTD Product Disclosure Statement. Please note that funds cannot be withdrawn from an FTD in any circumstances before the term ends. A maximum of 70% of the value of a pension account can be invested in FTDs.

### 3. FIXED TERM DEPOSITS (FTD)

**Instructions to invest in these products can only be submitted by your financial adviser using AdviserNET.**

You are able to invest in St. George fixed term deposits with three months, six months, one, or five-year terms available.

For information on the current FTD terms, conditions and restrictions that apply, including what happens to your percentage profile when the investment is made, please refer to the FTD product disclosure statement. **Please note that funds cannot be withdrawn from the FTD in any circumstances before the term ends, including in the event of your death.**

### 4. CLOSED OR RE-OPENED PRODUCTS TO BE HELD

Retain the following closed (or re-opened) products in my account (any existing holdings in closed/re-opened products not listed here will be sold down in full).

Product code	Managed investment

## 5. SWITCHING MANAGED INVESTMENTS

This option is not available if you have already completed section 2 'INVESTMENT PROFILE SELECTION' on this Form.

In this section, you can switch your **total holding** in any one managed investment into another one managed investment (existing or new).

You can also switch a **partial holding** in any one managed investment into another one managed investment (existing only) or the cash balance (excess cash may invest across the profile).

Please note, when switching all or part of your holding in a managed investment, you may incur a buy/sell cost. See the 'Buy/Sell costs' section of PDS for further information.

- Where there are multiple switches for a switch type, the switches will be processed in the order listed on the Form.
- Where a full switch and a partial switch are requested, partial switches will be processed before full switches.
- Where a partial switch or switch to the cash balance is requested, there is a minimum of \$1,000 per switch.
- Where a full or partial switch from a closed managed investment is requested, it can only be switched to an existing managed investment already in your investment profile.
- If your 'Switch from' managed investment has been assigned a Priority Sell instruction, this priority will not be transferred to the 'Switch to' managed investment.

### Full switch

Switch from			Switch to	
Product code	Managed investment		Product code	Managed investment
		>		
		>		
		>		

Note:

- When a full switch is made, the profile percentage of the 'Switch from' managed investment will be allocated to the 'Switch to' managed investment unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET.
- A full switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).

### Partial Switch

Switch from			Switch to		
Product code	Managed investment		Product code	Managed investment	Amount
		>			\$
		>			\$
		>			\$

Note:

- A partial switch instruction will not affect holdings in the remainder of your investment profile (that is, your investment profile will not be rebalanced).
- **Partial switches can only be made to managed investments in your current profile (excluding closed investments).**
- If you wish to switch one managed investment into multiple managed investments you will need to list each request separately on this Form.
- Where the dollar amount is equal to or greater than 95% of the asset value then the entire 'Switch from' asset will be sold. This may result in more or less of the holdings being switched than requested. Where the 95% rule is applied the profile percentage of the 'Switch from' asset will remain in your client's current profile (not applicable to closed assets which have been removed from your profile).

### Switch to cash balance

Switch from			Switch to	
Product code	Managed investment		Amount	
		>	\$	(minimum \$1,000)
		>	\$	(minimum \$1,000)
		>	\$	(minimum \$1,000)

Note:

- A switch to the cash balance will not change the profile percentages in your account.
- A switch to the cash balance may cause excess cash to be reinvested across your existing profile, including the 'Switch from' managed investment, unless you have instructed us not to invest excess cash, in which case no cash will be invested until you give us new investment instructions. An instruction not to invest excess cash can be submitted to us by your financial adviser through AdviserNET.
